December 2009 Newsletter
The United Elk Farmers Association

As we approach the end of 2009, the TUEFA Board of Directors and Volunteer Staff would like to wish everyone Happy Holidays and a prosperous New Year. TUEFA was founded in 2009 and we look forward to continuing great strides in 2010. TUEFA was founded by elk farmers and ranchers who have been in the industry for many, many years. Our goals and purpose continue to be a reliable, ethical, education oriented and a member friendly venue to "Unite" all elk farmers.

TUEFA has acquired a state of the art animal registry. Through the combined knowledge of the Board of Directors, members & volunteers, the TUEFA ELK Registry was designed to benefit the elk producer. The Gold & Silver Registration Certificates will include 4 generations of pedigree. All prior elk registration certificates can be accepted into the TUEFA Registry.

We are currently working on the premiere publication of "ELK Tracks". "ELK Tracks" will be the 1st TUEFA full color journal and will be distributed to over 1500 people in the cervid industry. This premiere issue will be showcasing the 2009 Antler Competition Results . There is still time to get in your ad in. Contact the TUEFA office for further information.

The 2009 Antler Competition and Social Gathering was a great success. A very big thank you go to Ted & Jill Winters for hosting the event. We are working on the 2010 Antler Competition & looking forward to another great event.
